

Critical Illness Insurance

CHUBB®

Provincial plans do not take care of all that is needed when you are diagnosed with a critical condition. At a time when incomes are potentially reduced, and expenses increase - due to medical needs - a critical illness plan is the best way to fund a possible lengthy recovery period.

As part of your employment benefits, you are provided with the opportunity to purchase Critical Illness Coverage to help with unforeseen expenses.

Did You Know?

- Approximately 196,900 new cases of cancer occurred in Canada in 2015¹.
- About 2 in 5 Canadians will develop cancer in their lifetime¹.
- There are an estimated 70,000 heart attacks each year in Canada. That's one heart attack every 7 minutes².
- There are between 40,000 to 50,000 strokes in Canada each year².
- After age 55 the risk of stroke doubles every 10 years².

The Benefits

Chubb Life's Critical Illness program provides the kind of financial assistance that allows you to focus on the important things during recovery; like getting better. This benefit provides a lump sum pay-out following the diagnosis of a covered condition³, which can be used any way you wish.

These additional benefits⁴ are also included:

- Ductal Carcinoma in Situ (early stage breast cancer)
- Early Stage Prostate Cancer Treatment
- 2nd Event Coverage

Frequently Asked Questions

What is a pre-existing condition limitation?

This means that Chubb Life will not pay for a critical condition diagnosed within the first 2 years of coverage, if that diagnosis was directly or indirectly caused by an injury or sickness for which you've received treatment, advice or a diagnosis, in the 2 years just prior to your effective date of coverage.

What if I've been diagnosed with one of the listed covered conditions already?

Chubb Life will not pay the benefit amount for any insured condition you were diagnosed with before the effective date of the policy.

Are there other limitations to the policy I should be aware of?

Chubb Life will not pay any benefit amount for cancer, early state prostate cancer treatment or DCIS for a period of 90 days from the effective date, or the latest reinstatement date of the policy.

What if I make a full recovery?

We want you to make a full recovery. That is the purpose of critical illness insurance. It provides you with the funds to assist you during recovery so that your finances will also survive your critical condition.

What if I don't survive?

You must survive 30 days (180 days for paralysis). After that, if you are eligible for a claim payment but do not survive to receive it, we will make the payment to your beneficiary.

I have disability coverage, so why would I need critical illness coverage also?

Disability coverage is meant to provide you with a percentage of your income in the event you are unable to work. At a time when your income may be reduced due to being on disability, you are likely to see an increase in expenses for medical treatment. Critical illness coverage helps fill this gap.

Also, you are not required to be unable to work in order to receive your critical illness benefit. It is paid in addition to your income or disability benefits.

How does an insurance company decide if my critical illness is eligible for a benefit payment?

The covered conditions are defined by medical terms, if you have been diagnosed by a physician, specializing in the field of your illness, your doctor will provide the appropriate medical evidence required that determines if your condition falls within the policy terms
